Key: G = Grass Weed Control B = Broad Leaved Weed Control

Yes = OK to apply

CE = OK to apply BUT some transient crop effects may be seen (e.g. chlorosis, crop thinning, etc). Using a lower dose rate may improve crop safety.

X = Do not apply

- = No data

All information supplied is to the best of our knowledge at the time of printing.

Advanta Seeds and BASF can accept no liability for crop loss or damage

Products are applied at growers own risk.

Always check with your BASIS Registered Agronomist before applying any herbicides to your crop.

ALWAYS READ THE PRODUCT LABEL AND USE PESTICIDES SAFELY
